

BASEBALL FOR NERDS

Presented By Eye Care Physicians & Surgeons

Come Out and Celebrate the Age of the Geek

Join the Volcanoes as we honor and celebrate those who truly move our lives forward. I'm certainly not talking about the Beautiful People. I'm talking about the Nerds, Geeks, Dorks, and Poindexters.

It is a Nerd Revolution, so all you sitting behind your homemade computer screens, reading your comic books, and watching your sci-fi, join us as we celebrate **YOU** because isn't it about time?
